

**REHABILITATION CONSTRUCTION OF CARAULUN IRRIGATION SCHEME MANUFAHI  
MUNICIPALITY**

**TENDER/050/MAPPF-2025**

**CLARIFICATION NO. 3**

**24 June 2025**

This Clarification No. 3 is issued to clarify following item in the Bidding Document in accordance with ITB 7.1 (Section 1 – Instruction to Bidders).

| No. | Queries   | Responses   |
|-----|---|---|
| 1.  | In site visit (June 9, 2025) about the temporary cofferdam work and there is excavation works at the outer left side of the weir. That area is a customary land / government land area and the employer answerd that it would be the government's responsibility if there were social effects, please kindly explain this statament.                              | The carau-ulun irrigation project rehabilitation only works on headworks, and all those areas belong to the irrigation facilities area (Government), MAPPF guarantees that it will have no social effect.   |
| 2.  | There is different in concrete quantity for item II. 2.2.7 precast concrete block, in BoQ: fc 25 Mpa while in the picture: K175 (~fc 15 Mpa), which one is used?  | All works items have to work based on <b>the Bill of Quantities (BoQ)</b>   |
| 3.  | Document Hierarchy in case of differences between various documents.<br><br>In the event of differences between the various contract documents (such as the Bill of Quantities, Technical Specification, Drawings, and other contractual references), could you please confirm the applicable hierarchy or order that will be use during contract implementation? | Order of Priority on the basis of Contract Agreement<br><br>(i) Specifications<br>(ii) Drawings;<br>(iii) Completed Schedule including Bill of Quantities.<br><br>During Work Implementation, If There is Mismatch Between The Design/drawigns and BoQ, Then Biders Must Follow The BOQ, and The Design Drawings Will Be Modify according to the BoQ. |

Executive Director of CNA

**REABILITAÇÃO DA CONSTRUÇÃO DO SISTEMA DE IRRIGAÇÃO CARAULUN,  
MUNICÍPIO DE MANUFAHI**

**TENDER/050/MAPPF-2025**

**ESCLARECIMENTO N° 3**

**24 de Junho de 2025**

O presente Esclarecimento nº 3 é emitido com vista a esclarecer os seguintes itens de acordo com a IAC 7.1 (Secção 1- Instruções aos Concorrentes) do Programa de Procedimento.

| Nº | Questões   | Respostas   |
|----|--|---|
| 1. | Na visita ao local (a 9 de junho de 2025) acerca das obras de coferdame temporário, verificámos que há obras de escavação no lado esquerdo exterior da barragem. Essa área é terreno do governo e a Entidade Adjudicante declarou que seria da responsabilidade do governo caso houvesse efeitos sociais. É favor explicar esta declaração.                        | O projeto de reabilitação de construção do Sistema de irrigação de Caraulun foca-se apenas nas cabeceiras, e sobre todas essas áreas pertencentes à área das instalações da irrigação (Governo), o MAPPF garante que não terá qualquer efeito social.   |
| 2. | Há uma diferença na quantidade de betão para o item II. 2.2.7 bloco de betão pré-fabricado, no Mapa de Quantidades ( <i>BoQ</i> ): fc 25 Mpa enquanto na imagem: K175 (~fc 15 Mpa); qual deles é utilizado?  | Todos os itens de trabalho devem ter por base o que consta do <b>Mapa de Quantidades (<i>BoQ</i>)</b> .   |
| 3. | Sobre a hierarquia dos documentos em caso de diferenças entre vários documentos.<br>Caso existam diferenças entre os vários documentos do contrato (tais como o Mapa de Quantidades, as Especificações Técnicas, os Desenhos e outras referências contratuais), podem confirmar a hierarquia ou ordem aplicável que será utilizada durante a execução do contrato? | Ordem de prioridade com base no contrato:<br>(i) Especificações;<br>(ii) Desenhos;<br>(iii) Tabelas completas incluindo o Mapa de Quantidades.<br><br>Caso surja alguma incompatibilidade entre o projeto/desenhos e o <i>BoQ</i> durante a fase de execução, os concorrentes deverão seguir o <i>BOQ</i> , e os desenhos do projeto serão modificados de acordo com o mesmo. |
